

## KANSAS LEGISLATURE.

### A Condensed Report of the Week's Proceedings.

The Senate convened at noon on the 13th and was called to order by Lieutenant-Governor Felt. The oath of office was administered to the new senators, Long, of Morton; Smith, of Rice, and Wheeler, of Cloud. An adjournment was then taken until 7 o'clock, at which hour the Senate went into executive session. The following officers were chosen: President pro tem, F. R. Harkness of Clay County; chaplain, John A. Bright; secretary, A. G. Stacey; assistant secretary, G. W. Hest; sergeant-at-arms, L. C. Smith; as assistant sergeant-at-arms, J. N. Cooper; journal clerk, P. J. Jackson; assistant journal clerks, C. P. Harper, Gilby Ketter and F. Gregg; document clerk, J. E. Hoagland, and assistant, B. M. Best; docket clerk, Homer Gillette, and assistant, James B. Curry; postmaster, A. W. McDowell, and assistant, Clyde Bowman; chief enrolling clerk, Miss N. G. McLaughlin; messenger, Arthur L. Phillips; doorkeeper, W. H. Betts, and assistants, Washington A. K. C. Merseheimer, A. C. Higgins, Jesse Hamner, G. L. Hankinson, Daniel Meagher, C. M. Heath, A. B. Ackerson and J. S. Eldridge. The House met at noon and was called to order by Speaker, J. B. O'Connell. J. B. O'Connell was chosen temporary speaker and G. W. Hollenbeck temporary clerk. The members were sworn in and a recess taken. At 3 o'clock the House again met when P. E. Elder, of Franklin County, was chosen Speaker, 124 yeas being recorded for him, with the following additional officers: Benjamin Matchett, of Osborn, speaker pro tem; Ben C. Rich, of Trego, chief clerk; S. W. Chase, sergeant-at-arms, James H. Fort, assistant clerk; G. W. Jacobson, journal clerk; D. Gilpin, assistant L. C. Soupline, docket clerk; Anna McChord, assistant; J. R. Laswell, postmaster; Mrs. Ada C. Runner, assistant; Rev. J. G. Melvine, chaplain; T. O. Harter, assistant sergeant-at-arms; Jacob Campbell, doorkeeper; Homer W. H. Betts, John Slaughterback and T. P. More, assistant doorkeepers. Adjourned.

In the Senate on the 14th Mr. Moody introduced a resolution for the economizing of space in the Journal. Many bills were introduced, among them one by Mr. T. M. Carroll, prohibiting counties, townships and cities from issuing bonds, except for school purposes. He also introduced a bill regulating the manufacture and sale of apple cider vinegar, and providing for the punishment of persons handling spurious vinegar. Mr. Eldridge introduced a bill reducing railroad passenger rates to two cents per mile. In the House Messrs. Brown, Webb and Dumbauld were appointed a committee to consider and report upon the claims of delegates from unrepresented counties. But little business of general importance was transacted at the afternoon session.

The Senate on the 15th had a long wrangle over the reference of the report of the Committee on Revision, which was continued into the afternoon session. Mr. Mohler introduced a bill which prevents persons from waiving redemption and other rights on mortgaging property and repealing such provisions in present laws. It was finally agreed to refer the revision report to the appropriate committees and after an executive session the Senate adjourned. When the House met Mr. Webb, of Shawnee, protested against the waste of time in calling the roll, saying that the Speaker could "see" a quorum without calling the roll, to which the Speaker replied that a roll call was the proper method of ascertaining the presence of a quorum and did not intend to follow the tactics of Speaker Reed. The Speaker announced several standing committees. The report of the special committee was presented, which admits as delegates members from counties not having representatives (without the privilege of voting), after it was adopted. Many bills were introduced and the Governor's message referred to a committee of five. Adjourned.

But little business was transacted by the Senate on the 16th. In the morning bills were read a second time and referred and a motion to adjourn until Monday discussed at much length and defeated. Several bills were introduced. Nothing of interest was done at the afternoon session. In the House papers in regard to contests were referred. A bill to change the name of Gray County back to Davis (in honor of David Davis) was introduced. The Speaker announced several standing committees. The bill to punish the accepting of bribes by members of the Legislature, State or county officers was placed on third reading and after a lengthy debate was ordered printed and sent to committee. After the second reading of bills the House adjourned.

### CONDITION OF TRADE.

#### Dun's Weekly Report—Financial Showing and Failures.

NEW YORK, Jan. 17.—R. G. Dun & Co.'s Weekly Review of Trade says: How far the situation and prospect may be changed by the passage of a free coinage bill by the Senate is as yet merely a matter of conjecture. Reports of the state of trade at different points reflect mainly a situation prior to that vote and show general improvement in the volume of business, easier money market and a more cheering outlook. The exports of merchandise heavily exceed imports in value; at New York for January thus far the increase in exports over last year has been \$1,400,000, or about 12 per cent., while the imports show a decline of \$2,900,000, or about 15 per cent. The preliminary reports of exports of cotton, breadstuffs, provisions, cattle and petroleum in December were almost unprecedented. Hence it appears that the excess of exports in December was very large in spite of the decline in movements of breadstuffs, which higher prices tend to prolong. For the past week with wheat 1c higher, corn and oats practically unchanged and cotton 3-16c higher, exports of wheat have been only about half of last year's, of flour less than a quarter and of corn only one-eighth, while the exports of cotton show a decrease for the week in spite of an increase in receipts. Pork has not changed, but lard and hogs are lower. Oil is 1-16c lower and the speculative markets are generally rather weak outside of those above mentioned.

The money markets have gone easier and banks are able to help customers more liberally, but at the East the difficulty of making commercial loans has not entirely ceased, though money on call is very abundant.

The business failures occurring throughout the country during the past seven days number 411, as compared with a total of 403 last week. For the corresponding week of last year the figures were 336.

"I know of about fifteen cases in the past ten years where the teller of this bank has overpaid on checks by mistake, and in only one case has a person been honest enough to square the deal." That's the statement of a New York bank president, who should never have admitted that his bank could make a mistake. Still only fifteen in ten years is not a bad showing. —Detroit Free Press.

## CITIZENS' ALLIANCE.

### A New National Organization at Topeka.

TOPEKA, Kan., Jan. 17.—As the result of the three days' secret conference of 250 delegates from sub-alliances of Citizens' Alliances in Kansas and other States, the Citizens' National Industrial Alliance was launched on the ocean of politics yesterday.

After the National constitution had been adopted, a declaration of principles agreed upon and a ritual and secret work prepared, officers were elected as follows:

President—Thomas Gilroth, of Kansas City, Mo.

Vice-President—Noah Allen, of Wichita.

Secretary—W. F. Rightmire, of Topeka.

Lecturer—S. H. Snyder, of Kingman.

Inner Watchman—J. T. Olmstead, of Marion.

Outer Watchman—S. J. Fulkerson, of Topeka.

Board of Trustees—H. C. Vrooman of Independence, C. O. Lee of Leavenworth, John H. Reel of Fort Scott, O. H. Drinkwater of Cedar Point, G. H. Flintham of Topeka.

Board of Judiciary and Arbitration—Mrs. Anna E. Diggs of Topeka, S. N. Wood of Woodsdale, P. N. Gish of Fort Scott.

Financial Board—W. H. Bennington of Topeka, John Y. Urie of Carbondale, Dr. Warner of Topeka.

The board of trustees selected national organizers as follows: Captain C. A. Power, Terre Haute, Ind.; Ralph Beaumont, Washington, D. C.; Mrs. M. E. Lease, Wichita, and S. N. Wood, Stevens County.

District organizers were appointed as follows: First Congressional district of Kansas, C. O. Lee, Leavenworth; Second Kansas district and Southwest Missouri, Robert Osborne, Fort Scott; Third Kansas district and Indian Territory, Van B. Prather, Columbus, Kan.; Fourth district, C. W. Marsh, Topeka; Fifth district, W. A. Birch, Abilene; Sixth district and Nebraska, S. A. Wilson, Superior; Seventh district, F. E. Bailey, Kingman.

At the session yesterday morning the following resolutions were adopted by a rising unanimous vote:

Whereas, During the past twelve years John J. Ingalls has been the willing, faithful servant and tool of the Eastern monopolists and plutocrats, and during those years his voice has not once been heard in defense of the industrial classes of this country or his constituents in Kansas; and

Whereas, On January 13, 1901, in his Senate speech he made an attack upon his monopolistic masters and seems to have had a miraculous conversion and awakening and can now tell a portion of the truth about the condition of the laboring and producing classes of this country; therefore be it

Resolved, by the National Citizens' Industrial Alliance, in convention assembled, That we rejoice that the said John J. Ingalls is soon to be retired from the Senate of the United States; that he will have a time to repent of his treason in the betrayal of the trusts reposed in him by the people of the State of Kansas during the past twelve years.

That we believe in the honor and integrity of the present Legislature of the State of Kansas, belonging to the People's party, and that all the wealth of said Ingalls' Jewish masters can not purchase his re-election, and that the said members retire this political chameleon to the shades of political hades; for recognizing the wrongs that have been heaped upon us by class legislation, no repentance now can atone for twelve years of political treason of said Ingalls, because in the agonies of his political death he has unconsciously told the truth.

That we denounce the platonic hirelings known as Pinkerton police, and demand of our present Legislature laws that will absolutely exclude them from our State, and providing that any corporations bringing any body of armed men within this State for the protection of private or corporate property, shall forfeit its charter by said act.

That a National conference of reformers be held at Cincinnati between May 10 and 20, 1891.

The convention elected a delegation composed of twenty-five persons, consisting of Mrs. Diggs as chairman, Mrs. Crumb, Mrs. Lease, the National officers and other members to attend the conference above referred to.

A meeting was held in the afternoon to confer the secret work upon members who were not present when the same was conferred. The National Assembly then adjourned to meet on the first Tuesday in January, 1902, at a place to be designated by the National board of organization.

### GREAT FIRE.

#### A Large Carpet Mill Near Philadelphia Destroyed.

PHILADELPHIA, Jan. 17.—Fire broke out at 10:30 o'clock in the carpet mill of John and James Dobson at Falls of Schuylkill, a suburb of this city. The carpet mill was located in the center of a group of six mill buildings, each from five to seven stories high, and comprising one of the largest establishments of its kind in America.

At 1 a. m. reports received by telephone were that the large mill had burned to the ground and that two other mills were on fire. People living near the scene were moving their furniture and Dobson's employees were carrying goods from their other mills.

At 1:30 a. m. the six-story carpet and plush mill was completely destroyed, as were also the wool storage warehouse and Brussels carpet mill. The fire was still burning fiercely, but was thought to be under control.

The loss will probably be \$600,000 to \$700,000. The buildings destroyed were those known as the main building, a six-story structure of stone, containing the spinning, combing, ingrain and printing departments. A secondary building, four stories high, containing the motive machinery for the mills, the burling and weaving departments, the offices of the firm and several outlying small buildings.

### Minister Lincoln.

SOUTHAMPTON, Jan. 16.—United States Consul Jasper P. Bradley at 4 o'clock this morning boarded the steamer Saale, of the North German Lloyd line, to welcome back to England the United States Minister, Mr. Lincoln, who was on board. Mr. Bradley was kindly received, but Mr. Lincoln refused to submit to an interview with any one of the number of newspaper representatives who had come from all parts of the country hoping to induce the Minister to talk on the Bering sea matter. Minister Lincoln landed here at 7 o'clock in excellent health and spirits.

### Receiver Eddy Dead.

PALESTINE, Tex., Jan. 14.—Telegrams have been received by Superintendent Golden announcing the death of Colonel J. M. Eddy, of this city, and one of the receivers of the International & Great Northern railway, which occurred at Pasadena, Cal. Cause, hemorrhage of the lungs.

### Knocked Off a Train.

LAWRENCE, Kan., Jan. 14.—An Atchison, Topeka & Santa Fe freight brake-man named Segnor met a horrible death near this city. He was employed on train No. 36, due in this city at 1:28. While hanging on the side of a box car looking at the air brakes, which it seems were out of order, his head struck a bridge crossing a small stream. His hold on the car was broken and he fell to the bottom of the stream on a pile of rocks. His head was crushed in a fearful manner and death resulted instantly. The body was taken to Topeka, where the unfortunate man died.

## Make Glad Hearts That Are Sad.

The youth of both sexes that find themselves in a state of ill health at that interesting period when they reach manhood and womanhood, should not let themselves despond. Away with gloomy melancholy! Life is before you, and with proper treatment and care perfect health will be your portion. A perfect man! A perfect woman! The noblest work of God! Keep clear of quack doctors and their pernicious medical literature. They seek to rob you of your purse and to gain this end would frighten the very life out of you. All you need at this time of life is an occasional use of that excellent strengthening medicine invented by that eminent physician Dr. John Bull, of Louisville, Ky., called Dr. John Bull's Sarsaparilla. It is a complete regulator of every organic function, giving health and power to every part, and assuring perfect self control. How glad hearts that are sad will be when they know this.

"WHAT have you been doing for the last year?" asked one seedy-looking man as he stopped another on the street. "Time," was the laconic reply.—Washington Post.

**Confinement and Hard Work.**  
Indoors, particularly in the sitting posture, are far more prejudicial to health than excessive muscular exertion in the open air. Hard sedentary workers are far too weary after office hours to take any needful exercise in the open air. They often need a tonic. Where can they seek invigoration more certainly and agreeably than from Hostetter's Stomach Bitters, a renovant particularly adapted to recruit the exhausted force of nature. Use also for dyspepsia, kidney, liver and rheumatic ailments.

"SHE actually broke her heart when her husband died." That explains her present anxiety to mend it by re-pairing.—Philadelphia Times.

## THE POINT.

"A 1" From a Catholic Archbishop down to the poorest of the poor all testify, not only to the virtues of

**ST. JACOBS OIL,**

The Great Remedy For Pain,

but to its superiority over all other remedies, express-d thus:

It Cures Promptly, Permanently;

which means strictly, the pain-stricken seek a prompt relief with no return of the pain, and this, they say, St. Jacobs Oil will do. This is its excellence.
